EMERGENCY MANAGEMENT DIRECTOR

Rev 06-22

Department: Emergency Management
Reports To: County Commission
FLSA Status: Exempt

Position Summary

Under the supervision of the County Commission, this position is an exempt position under the FLSA that performs supervisory and administrative work. The Director of Emergency Management is responsible for the development and maintenance of Emergency Management functions including mitigation, preparedness, response, and recovery activities for Marion County and fulfills the duties as prescribed in Local Codes, State Statutes and Federal Laws. This position requires a strong knowledge of and ability to work within the confinements of the Federal Robert T. Stafford Disaster Relief Act, as amended; Chapter 48, Article 9 of Kansas Statutes Annotated. Although work is performed according to Federal and State guidelines, the employee in this position must exercise considerable independent judgment when carrying out the responsibilities of this position. This position requires a great deal of self-motivation and the ability to remain calm and take control of stressful and possibly dangerous situations.

Essential Functions

- * Prepares annual applications to the Kansas Division of Emergency Management (KDEM) grant and other available grants;
- * Prepares performance reports to KDEM to maintain eligibility for the Emergency Management Performance Grant (EMPG);
- * Ensures compliance with KAR 56-2-2 and 48-929 and other federal and state regulations and directives.
- * Develops and maintains all facets of the Marion County Emergency Operations Plan as required by law and is necessary to provide a high level of preparedness for Marion County;
- * Conducts exercises to test the functions of the Emergency Operations Plan (EOP) as required and submits results to Commission and KDEM.
- * Upgrades and updates the Kansas Homeland Security Region G Mitigation Plan;
- * Conducts hazard identification, capability assessment and vulnerability analysis for Marion County and assists local officials in the development of hazard mitigation programs;
- * Identifies mitigation actions necessary to prevent or lessen impacts from hazards;
- * Responds to hazardous material/substance releases/incidents as a coordinator of resources and liaison.
- * Conducts educational programs for the public including, but not limited to: community preparedness, emergency management, hazardous materials awareness and seasonal weather awareness.
- * Serves on the Local Emergency Planning Committee (LEPC) and Homeland Security Task Force;
- * Assists in planning and conducting drills to test the capability of the local emergency response plans and agencies;
- * Updates local plans for Homeland Security preparedness to meet requirements;
- * Develops and maintains relationships with government, private and volunteer sectors of the community to communicate mutual concerns. Assists in the establishment of Mutual Aid agreements, Inter-Local Agreements, Memorandums of Understanding, Disaster Assistance Agreements and other agreements or contracts for disasters or major emergencies.
- * Maintains the Emergency Operations Center (EOC) to support natural or man-made disasters or major emergency operations. Maintains general knowledge of community's ability to contribute resources to respond to disasters or major emergencies. Maintain mobile trailers to provide communications and incident support in the event of disasters or major emergencies.
- * Cooperates with other public jurisdictions for proper activity coordination;

Emergency Management Director
Essential Functions, Continued

- * Develops and implements public information and public relations activities. Communicates with individuals, groups and the media to gain understanding, acceptance and support of emergency planning and programs. Maintains mass notification system and works in coordination with PSAP to broadcast emergency information and instructions to the public for a local, as well as, a national emergency;
- * Plans long-term emergency preparedness programs;
- * Maintains a weather center in the EOC, directs County storm spotter's activities, and must be a trained storm spotter;
- * Initiates action to obtain disaster assistance in the event of a natural or man-made disaster and advises the County Commissioners and KDEM regarding disaster declarations;
- * Coordinates response and recovery activities during and following a natural disaster or other emergency;
- * Coordinates the management of resources necessary to respond and recover from disaster situations;
- * Maintains accurate records of emergency resources;
- * Inspects and maintains emergency vehicles and equipment and performs maintenance as needed.
- * Works with local emergency response agencies to test and evaluate equipment;
- * Keeps the Board of County Commissioners informed of departmental operations, budget status, and legislative issues affecting the department;
- * Supervises and evaluates all department personnel;
