- 4-104 Parking Regulations
- 4-105 Off Street Loading Regulations
- 4-106 Sign Regulations
- 4-107 Height, Area and Bulk Regulations
- 4-108 Supplementary Height, Area and Bulk Regulations
- 4-109 Supplementary Use Regulations

4-101 Application

The regulations set forth in this Article, or set forth elsewhere in these Regulations when referred to in this Article, are the regulations in the “SR” Suburban Residential District. The purpose of this District is to provide for the platted development of low-density residential neighborhoods that retain the character of the basically rural area and yet allow an influx of residential development. This district is limited to those areas of Marion County where adequate water, sewage disposal and other infrastructure presently exists; or may be approved outside such areas only when adequate water, sewage disposal and other infrastructure, as well as the delivery of support services can be demonstrated and proved to the satisfaction of the County. The density of any individual proposed development shall be determined by the adequacy of the site to meet the development standards and policies of these and all other Marion County rules and regulations, including but not limited to the Subdivision Regulations, Sanitary Code, soil suitability classification, and other such factors that will justify and support such proposed density. The burden of proof for such proposed density shall be on the person proposing the development and the County may require any and all such proof deemed necessary before any approval of the project may be granted.

4-102 Use Regulations

In District “SR,” no building, structure, land or premises shall be used and no building or structure shall be hereafter erected, constructed, reconstructed, moved or altered, except for one or more of the more of the following uses:

1. Single-family dwellings.
2. Railroad rights-of-way, including a strip of land with tracks and auxiliary facilities for track operations, but not including passenger stations, freight terminals, switching and classifications yards, repair shops, roundhouses, powerhouses, interlocking towers, and fueling, sanding and watering stations.
3. Temporary buildings, the uses of which are incidental to construction operations or sale of lots during development being conducted on the same or adjoining tract or subdivision, but not for use as a residence; and which shall be removed upon completion or abandonment of such construction, or upon the expiration of a period of one year from the time of erection of such temporary buildings, whichever is sooner.

ARTICLE 4 “SR” SUBURBAN RESIDENTIAL DISTRICT REGULATIONS

4-103 Performance Standards

The Performance Standards for permitted uses are contained in Article 13 of these Regulations.

4-104 Parking Regulations

The Parking Regulations for permitted uses are contained in Article 14 of these Regulations.

4-105 Off Street Loading Regulations

The Off Street Loading Regulations for permitted uses are contained in Article 15 of these Regulations.

4-106 Sign Regulations

The Sign Regulations are contained in Article 16 of these Regulations.

4-107 Height, Area and Bulk Regulations

In the “SR” Suburban Residential District, the height of buildings, the minimum dimensions of lots and yards, and the minimum lot area per family permitted on any lot shall be as follows:

1. Height: Buildings or structures shall not exceed 35 feet and/or 2-1/2 stories in height.
2. Front Yard: The depth of the front yard shall be at least 30 feet.
3. Side Yard: There shall be a side yard on each side of a dwelling. The depth of the side yard shall be at least 10 feet.
4. Rear Yard: The depth of the rear yard shall be at least 20 feet.
5. Minimum Lot Size and Dimensions: Every lot hereafter created shall provide a minimum lot area of 43,530 square feet or one (1) acre. The minimum width of a lot shall be 165 feet. The minimum depth of a lot shall be 250 feet. There shall not be a lot depth to lot width ratio greater than 3:1 (i.e. the depth of the lot cannot be greater than 3 times the width of the lot). In the event of unusual lot configurations, the Zoning Administrator shall determine whether the lot dimensions meet the spirit and intent of this requirement.
6. Lot Area Per Dwelling Unit: Every dwelling hereafter erected, constructed, reconstructed, moved or altered shall be on a lot with a minimum lot area of 43,560 square feet or one (1) acre per dwelling unit, unless said lot is a lot of record and conforms to the requirements of these Regulations and the Marion County Subdivision Regulations.

The Height, Area and Bulk Regulations are also set forth in the chart of Article 17. Said chart, and all notations and requirements shown therein, shall have the same force and effect as if all the notations and requirements were fully set forth or described herein.

4-108 Supplementary Height, Area and Bulk Regulations

The Supplementary Height, Area and Bulk Regulations are contained in Article 18 of these Regulations.

4-109 Supplementary Use Regulations

The Supplementary Use Regulations, including permitted Conditional Uses and Accessory Uses, are contained in Article 19 of these Regulations.
