**RE: EXPEDITION WIND LLC
CONDITIONAL USE PERMIT APPLICATION**

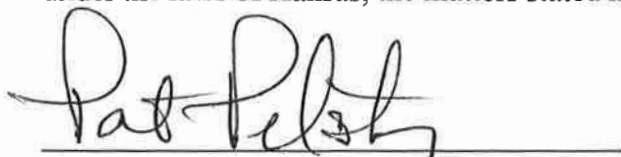

COMES NOW, Patrick Pelstring, being of lawful age and of sound mind and body, state as follows:

1. On behalf of Expedition Wind LLC (a/k/a Expedition Wind, LLC) ("Expedition Wind"), I am authorized to provide this Affidavit as part of Expedition Wind's application for a Conditional Use Permit in Marion County, Kansas, for the development of a commercial Wind Energy Conversion System ("CUP").
2. Expedition Wind has provided in its CUP application Transmission Easements for properties on which it seeks a CUP, as well as a blank version of our transmission easement. Each of the easements contains the following, or substantially similar, language on which Expedition Wind relies for its authority to seek a CUP:

Grantee shall have the right to apply for certain permits or approvals necessary for the Transmission Facilities, which may include a Conditional Use Permit, without further consent from Grantor, and Grantor shall cooperate with Grantee to obtain any permits or approvals necessary for the Transmission Facilities.

3. In the leases "Grantee" means Expedition Wind as lessee, "Grantor" means the owners of the properties as lessors, and "Transmission Facilities" includes (a) one or more overhead or underground electrical transmission and communications lines and related cables, wires, guy wires, cross arms, conduit, footings, foundations, towers, poles, cross-arms, guy lines and anchors, circuit breakers and transformers, interconnection, distribution and/or switching facilities, including for purposes of line swings from any such lines, whether constructed on the Property or adjacent Property; (b) any and all necessary and proper facilities, fixtures, and additional equipment and improvements in any way related to or associated with any of the foregoing for the transmission of wind-generated electrical energy; and (d) access roads
4. By signing an easement, each property owner authorized Expedition Wind to act as an agent and applicant in seeking the necessary permitting, including a CUP, on the property owner's respective property.

I have read the foregoing and declare, verify, certify and state, under penalty of perjury under the laws of Kansas, the matters stated herein are true and correct. Affiant further sayeth not.
