Good morning Mark,

Here is the info you will need for what Jesse had mentioned to you yesterday.

1. "7thCUP\_NotificationSign"

This is the file for the notification signs that need to be posted today. These will need to be laminated prior to going out as well. I believe we should have some duct tape in the back of the office along with a hammer. You'll just need to pick up some wooden stakes. I'm going to include a picture of what the signs looked like for the first CUP to give you some reference (Marker 4-2).

These signs need to be posted in two spots. One will be on the road that you traveled down to visit the Allison's. The other will be along Highway 77. See below.

\*\* Sign locations at the red dots. Lat/long below.

Sign 1 - 38.227451, -96.932100

Sign 2 - 38.227459, -96.930538
