Board Members: I have gone through the regulations line by line and compared Yearouts new regulations to the work session minutes. I started out highlighting all the changes but quickly decided that would take literally hours upon hours. So I skimmed all the regulations line by line, and compared them to the work session minutes. I noted anything Yearout duplicated, missed, etc. and emailed those changes to him. These regulations you have in hand have all the corrections and necessary changes made by Yearout.
