Project Description

Mr. and Mrs. Svoboda own forty-eight (48) acres in the northwest and southwest quarters of Section 14, Township 18 South, Range 4 East. This property is located one half of a mile west of the City of Lincolnvilleville.

The proposed project will consist of the construction of a large secondary structure. A construction application has been received.

Planning Issues

The Public Hearing Notice and Adjacent Property Owner Notification was completed in accordance with the Marion County Zoning Regulations and Kansas State Statutes.

Yard variances are provided for in the Marion County Zoning Regulations to relieve hardships caused by exceptional narrowness, shallowness or shape of a specific piece of property at the time of the enactment of regulations or restrictions, or by reason of exceptional hardship upon owner of such property.

The Marion County Zoning Regulations provide that the following conditions must be met in order to grant a variance:

- 1) The variance requested arises from such condition, which is unique to the property in question and which is not ordinarily found in the same zone or district; and is not created by and action or actions of the property owner(s) or the applicant.
- 2) The granting of the permit for the variance will not adversely affect the rights of adjacent property owners or residents.

- 3) The strict application of the provisions of the Marion County Zoning Regulations of which a variance is requested will constitute unnecessary hardship upon the property owner represented in the application.
- 4) The variance desired will not adversely affect the public health, safety, morals, order, convenience, prosperity, or general welfare.
- 5) That granting the variance will not be opposed to the general spirit and intent of the Marion County Zoning Regulations. The purpose of the variance is to provide relief where normal adherence to the regulations is not possible.

The right-of-way adjacent to the proposed construction site is closed and is not maintained.

Staff Recommendation

Approve front yard variance of no more than twenty-five (25) feet.
