Subject: Planning Commission

Dan & Tonya,

Just rec'd confirmation that my first choice for replacement on the Planning Commission is willing to serve! His name is Derek Belton, 413 Columbus, Tampa, KS 67483. Cell Phone: 785 366-0929. Home Phone: 785 965-7233 (no machine). He works part time in Salina, but farms with his father, Ed Belton south of Tampa. Sharp guy and will make a good committee member. I highly recommend him as my replacement.

Hard to believe 12 years have passed, but the Planning Commission has made huge strides in that time. There is a high level of trust & respect, applicants are welcomed and each meeting does not involve a full page in the newspaper the following week. Tonya, you are doing an outstanding job as administrator and I am happy to remind your bosses of that fact!

If you have any questions about Derek, let me know. Dan, I hope you will accept my recommendation. We need to keep someone from the north end of the county.

Have a great Thanksgiving! David
