

- Notes:**
1. Utility Working - Above ground and underground utilities have not been located by survey made in the field. The surveyor makes no warranty that the underground utilities, if any, are shown on this plan. The contractor shall verify the location of all underground utilities shown hereon in the exact location indicated although they have been located as accurately as possible from the information available. The surveyor has not located any underground utilities shown hereon. CONTRACTOR MUST CONTACT UTILITIES OR "ONE CALL" SERVICE BEFORE DIGGING.
 2. Finished floor elevation(s) shown for buildings were established from field data and should be interpreted as a maximum. The contractor shall verify and provide bearing floor elevations set by the governing authority for this site. The elevations shown on this survey are based on NAVD 88 vertical datum.
