

- Notes:**
1. Utility Warning - Above ground and underground utilities have not been located by survey made in the field. The surveyor makes no guarantee that the utilities that may exist in the area further shown hereon are in the exact location indicated although they have been located as accurately as possible from the information available. The surveyor has not physically located all of the underground utilities.
  2. Finished floor elevation(s) shown for buildings were established from field data and should be interpreted as a recommended elevation only. No flood maps have been consulted. The contractor shall verify any required minimum floor elevations by the governing authority for this site. The elevations shown on this survey are based on on NAD 88 vertical datum.
  3. CALL SERVICE BEFORE DIGGING.

**LEGEND**
