Marion County Planning Commission  
P.O. Box 157  
Marion, Kansas 66861

Alltel Communications, Inc. is a leading independent provider of Wireless Communications for the Telecom Industry. Alltel is proposing to enhance the coverage capacity of the existing Marion County Cellular System.

As part of this system, one (1) Tower Site location is proposed near 1135 Alamo Road, in Goessel. This Tower Site, while not in competition with other existing towers, will have a strategic location that will act as a connector site for the existing Tower System and provide additional capacity to the City of Goessel and the surrounding area.

The tower will be a galvanized steel of self-support design, 198' in height and enclosed in a 75' x 75' compound area.

The Tower System will comply with Federal, State and Local regulations governing such facilities and will be lit in accordance with FAA Circular Number 70/7460-1K.

Alltel appreciates your consideration on this important matter and looks forward to serving the City of Goessel and the County of Marion.

Respectfully,  
ALLTEL COMMUNICATIONS, INC.

Melissa LoQuet
