I. Purpose and Scope

A. Purpose

1. ESF 11 provides the mechanism for coordinated local assistance to supplement other emergency support functions and, if available, support state and federal agencies with overall response authority. For this document, agriculture and natural resources include: animal and plant health, nutrition assistance, food protection, natural and cultural resources, and water quality and availability.

B. Scope

1. ESF 11 addresses the following:
 - a. Describes food and water security and inspections in the aftermath natural or technological disaster.
 - b. Addresses how natural and cultural resources will be protected and recovered in the aftermath of a disaster.

- c. Due to limited local authorities in the areas of food contamination, plant pests, and animal disease, this plan references the Food and Agriculture Incident Annex that is attached to the Kansas Response Plan. This annex describes federal and state roles and authorities for food contamination, plant pests, and animal disease.

II. Concept of Operations

A. General

1. ESF 11 is organized consistent with the Marion County EOC and the requirements of the National Response Framework, the National Incident Management System, and the Incident Command System. This structure and system supports incident assessment, planning, procurement, deployment, and coordination and support operations to Marion County through the County Emergency Response Team, Area Operations and Regional Incident Management Teams (IMTs) to provide a timely and appropriate response to an emergency or situation.
2. Procedures protocols and plans for disaster response activities are developed to govern staff operations at the Marion County EOC and in the field. These are in the form of Emergency Operations Plans (i.e. Base Plan) and corresponding Appendices, Incident Annexes, Support Annexes and Standard Operating Guidelines, which describe ESF 11 capabilities. Periodic training and exercises are also conducted to enhance effectiveness.
3. In a large event requiring local or State mutual aid assistance, ESF 11 will work with its support agency counterparts to seek and procure, plan, coordinate and direct the use of any required assets.
4. Throughout the response and recovery periods, ESF 11 will evaluate and analyze information regarding the availability of ESF 11 support services.
5. In some agriculture emergencies, State and Federal law grants lead response authority to state and/or federal agencies. This authority will be exercised pursuant to the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan. The county will support State and Federal operations pursuant to county policy and/or availability of resources.
6. Food and Water Supply
 - a. The Kansas Department of Agriculture is responsible for inspections and provision of a safe food supply. To provide safety and security of the food supply, the Kansas Department of Agriculture will follow established agency standard operating guidelines for food inspection.
 - i. All transportation accidents involving food must be reported to the Kansas Department of Agriculture Food Safety Division before the food can be transported (Daytime: 1-785-296-5600, Nights and Weekends: 1-800-915-6163)

- b. The Kansas Department of Health and Environment is responsible for inspections of the water supply. To provide safety and security of the water supply, the Kansas Department of Health and Environment will follow established agency standard operating guideline for water inspections.
- c. Kansas Department of Agriculture Food Safety Division in charge of food safety, KDHE in charge of water inspections, VOAD's (ARC, Salvation Army) responsible for distribution at the scene, private suppliers (Wal-Mart, Local Grocers) may provide resources in the food and water needs. The Salvation Army and the ARC have guidelines that will be followed with regard to how much food and water is needed and how it is prepared.

7. Animal Health Care

- a. Requests for Animal Control assistance will be channeled through the Marion County dispatch.

See ESF 6 for care and sheltering of domestic pets.

The **Marion County Extension Office** will coordinate with Marion County local vets, for domestic pets KSART will be contacted and county CART's may be used, for livestock (large animal) local LE of extension will coordinate local farmers/ranchers to capture and contain the animals until they can be properly transported.

8. Incident Specific Operations

- 1. Marion County will coordinate with local health department and inform the Department of Agriculture as the lead agency for zoonotic issues.
- 2. KDHE and Department of Agriculture will be responsible for food and water supply contamination. The local health department or responding agency will coordinate contamination issues with these agencies.
- 3. Marion County has limited resources and historical properties through mitigation efforts. Marion County will work with the historical society sites to assist in the preservation of the sites.
- 4. Radiological incident where contamination/deposition is present
 - 1. The Kansas Department of Agriculture may implement an agriculture control zone in response to a CBRNE incident.
- 5. Plant Disease
 - 1. The extension agent and department of agriculture will coordinate to respond to plant disease
 - 2. Reference the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan.

3. The Marion County Emergency Operations Plan provides established processes for resource support for all hazards. Resource support is subject to Marion County policy, resource availability and capability status.

6. Pest or Disease

1. Reference the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan.
2. Local Health Department would coordinate efforts of the KDHE and CDC to combat pest disease.
3. The Marion County Emergency Operations Plan provides established processes for resource support for all hazards. Resource support is subject to Marion County policy, resource availability and capability status.

7. Foreign Animal Disease

1. The Kansas Department of Agriculture will provide direction and control in a FAD event. Reference the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan
2. The Marion County Emergency Operations Plan provides established processes for resource support for all hazards. Resource support is subject to Marion County policy, resource availability and capability status.

B. Direction and Control

1. The ESF 11 Coordinating Agency is Chisholm Trail District #20 which is appointed by the Marion County Emergency Management, in coordination with local planning partners. The staff serving as ESF 11 Coordinator is appointed by and located in the Marion County EOC. When ESF 11 support is necessary, the ESF 11 Coordinator coordinates all aspects of ESF 11.
2. ESF 11 complies with the National Response Framework, and the National Incident Management System (NIMS). The NIMS guides the direction and control system adopted by the Marion County Emergency Management, which functions as the official disaster prevention, protection, response, preparedness, recovery, and mitigation organization within Marion County.
3. The ESF 11 may operate at two levels: 1) Marion County EOC; and 2) Field operations
4. During emergency activations, all management decisions regarding agriculture and natural resources for Marion County are made at the Marion County EOC by the ESF 11 coordinator. Under the Incident Command System structure, the Planning, Logistics, Finance/Administration, and Operations Sections at the Marion County EOC assist the incident commander in carrying out the overall mission.

5. In accordance with a mission assignment from ESF 11, each primary and/or support organization assisting ESF 11 will retain administrative control over its own resources and personnel, but will be under the operational control of ESF 11. Delegation of mission operational control may be delegated to the field by the Marion County EOC.

C. Organization

1. County

- a. During an activation of the Marion County EOC, primary and support agency staff is integrated with the Chisholm Trail District #20 staff to provide support.
- b. During an emergency or disaster event, the Marion County EOC, Operations Section Chief will coordinate resource support with the Human Services Branch Chief.
- c. During the response phase, ESF 11 will evaluate and analyze information regarding volunteers and donations requests. ESF 11 will develop and update assessments of the requirements for resources in the impacted area and undertake contingency planning to meet anticipated demands and requirements.
- d. The Chisholm Trail District #20, or an assigned designee at the Marion County EOC, is responsible for all activity of the ESF. All volunteer animal-related agencies will coordinate directly with this ESF at the Marion County EOC.
- e. Chisholm Trail District #20 will develop and maintain ESF 11 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. However, support agencies may develop and maintain their own similar documents for internal use, which must be compatible with and in support of the overall Emergency Operations Plan. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Marion County Emergency Operations Plan.
- f. Staffing of ESF 11 positions will be accomplished through using resources of the Chisholm Trail District #20 along with personnel from ESF 11 support agencies and trained and screened unaffiliated volunteers.

2. State of Kansas

- a. During an activation of the State of Kansas EOC, the Kansas Department of Agriculture is the designated lead agency for agriculture and natural resources and will provide a liaison to facilitate requests for ESF 11 resources to local Emergency Operations Centers.
- b. During an emergency or disaster event, the primary and support agencies of ESF 11 at the State of Kansas EOC will report to the Human Services Branch Chief who reports to the Operations Section Chief under the overall direction of the SEOC Manager.

- c. The Kansas Department of Agriculture develops and maintains ESF 11 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. Support agencies should develop and maintain their own similar documents for internal use, which must be compatible with and in support of the overall Emergency Operations Plan. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Marion County Emergency Operations Plan.

D. Alerts and Notifications

1. The Chisholm Trail District #20 and/or Marion County Emergency Management will notify the County Warning Point (Marion County Public Safety Warning Point (PSAP)) when information comes to their attention indicating that an emergency or disaster situation is developing.
2. The County Warning Point (Marion County Public Safety Warning Point (PSAP)), will notify the “on call” Emergency Duty Officer and/or ESF Coordinator for ESF 11 when Marion County has been threatened or impacted by an emergency or disaster event as provided in the County Warning Point procedure.
3. ESF 11 will be activated or placed on standby upon notification by the Marion County EOC. The representatives or designees of the coordinating agency will manage the emergency activities of ESF 11. If additional support is required, the ESF 11 coordinating and primary agencies may jointly manage ESF 11 activities.
4. Upon instructions to activate or placement of ESF 11 on standby, Chisholm Trail District #20 will implement procedures to notify all ESF 11 planning team members and, if necessary, mobilize all personnel, facilities, and physical resources likely to be needed, based on the emergency circumstance.

E. Actions

1. Actions carried out by ESF 11 are grouped into phases of emergency management: Preparedness, Response, Recovery and Mitigation. Each phase requires specific skills and knowledge to accomplish the tasks and requires significant cooperation and collaboration between all ESF 11 agencies and the intended recipients of service.

Overall Actions Assigned to All Members	
<i>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Identify sources to augment emergency food and water supplies.
2	Establish contact with private resources that could provide support during an emergency.

Overall Actions Assigned to All Members	
<i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Alert and activate off-duty and auxiliary personnel as required by the emergency.
2	Activate mutual aid agreements as required.

Overall Actions Assigned to All Members	
<i>Recovery (Post Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Restore equipment and restock supplies to normal state of readiness.
2	Review plans and procedures with key personnel and make revisions and changes.
3	Collect documentation for possible financial reimbursement process for recovery activities. Provide updates to eligible applicants on any disaster recovery programs.

Overall Actions Assigned to All Members	
<i>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Participate in the hazard identification process and identify and correct vulnerabilities

III. Responsibilities

A. The following list identifies the responsibilities designated to each agency/organization for this ESF. The Coordinating and Primary Agency and their responsibilities are listed first. The Supporting Agencies follow in alphabetical order.
