I. Purpose and Scope

A. Purpose

1. The purpose of ESF 6 is to coordinate the emergency provision of temporary shelters, emergency mass feeding, and the bulk distribution of coordinated relief supplies for victims of a disaster and disaster workers.

B. Scope

1. ESF 6 promotes the delivery of services and the implementation of programs to assist individuals, households and families impacted by disaster/emergencies.
2. ESF 6 includes four primary functions: mass care, emergency assistance, housing, and human services.
 - a. Mass care involves the coordination of non-medical mass care services to include sheltering of disaster survivors and household pets, organizing feeding operations, providing emergency first aid at designated sites, collecting and providing information on disaster survivors to family members, and coordinating bulk distribution of emergency relief items;
 - b. Emergency assistance includes functions of evacuation support in conjunction with ESF 1 and ESF 9, reunification of families, vulnerable needs support, sheltering of disaster survivors and household pets, and overall shelter management.

- c. Housing involves the provision of assistance for short- and long-term housing needs of disaster survivors; and
- d. Human Services includes providing disaster survivor-related recovery efforts such as emotional support and identifying supports for persons with vulnerable needs.

II. Concept of Operations

A. General

1. ESF 6 is organized consistent with the Marion County EOC, the requirements of the National Response Framework, the National Incident Management System, and the Incident Command System. This structure and system supports incident assessment, planning, procurement, deployment, and coordination and support operations to Marion County through the Marion County Emergency Response Team, Area Operations and Regional Incident Management Teams (IMTs) to provide a timely and appropriate response to an emergency or situation.
2. Procedures, protocols and plans for disaster response activities are developed to govern staff operations at the Marion County EOC and in the field. These are in the form of Emergency Operations Plan (i.e., Base Plan) and corresponding Appendices, Incident Annexes, Support Annexes and Standard Operating Guidelines, which describe ESF 6 capabilities. Periodic training and exercises are also conducted to enhance effectiveness.
3. In a large event requiring local or State mutual aid assistance, ESF 6 will work with its support agency counterparts to seek, procure, plan, coordinate and direct the use of required assets.
4. ESF 6 will coordinate with ESF 8 to address the requirements of persons with vulnerable needs, including their sheltering requirements. (KPS210/2020)
5. Sheltering
 1. Shelters within this jurisdiction are operated under the management of the American Red Cross. ARC identifies potential shelters, performs an evaluation and, if all standards are met, signs an agreement with the sponsoring entity.
 2. The ARC will open shelters and operate them with their trained shelter managers and volunteers from ARC and other organizations as needed. The ARC will assess the special needs that may occur at each shelter area. Once it has been established that additional shelters and/or special assistance is needed, the ARC will work closely with the EOC to request additional support agencies as needed. The ARC, in conjunction with information received by the EOC, will determine the length of time each shelter needs to remain open to serve displaced persons.
 3. Shelters having a signed agreement with ARC have met all state and federal standards regarding shelter accessibility. Volunteers staffing the shelters will have basic training regarding first aid and special needs. Services beyond the scope of the volunteers will be called into play through a request made by the ARC to the EOC. The Marion County

Health Department will provide supervision of all care beyond basic needs and arrange for appropriate placement of the individuals in need.

4. The American Red Cross has policies in place to address many of the issues that arise from displaced persons seeking shelter. If an unaccompanied minor is identified and efforts to locate family members fail, law enforcement will be notified. Law Enforcement will then contact the Department of Children and Families whose responsibility it will be to find placement for the minor. (KPS217/2020)
5. When the ARC certifies a shelter to be placed into service, they note the capabilities of each shelter to determine the number of people it will hold and its accessibility. Shelters will be selected based on the ARC handbook for sheltering. Criteria for shelter in the handbook will cover Kitchen facilities, restrooms, showers size, communication, parking, accessibility and structural soundness determination.
6. The ARC, as shelter manager, is trained and prepared for the needs of any individual seeking shelter. In conjunction with the EOC, they have the ability to draw upon assistance from other agencies in the area.
7. Shelters will be selected based on the ARC handbook for sheltering. Criteria for shelter in the handbook will cover Kitchen facilities, restrooms, showers size, communication, parking, accessibility and structural soundness determination.
8. The county currently does not have any shelters listed in the NSS.
9. Actions to open shelters and reception centers will be in accordance with the ARC handbook.
10. The shelter will comply with ADA to the maximum extent feasible. When needed we will contact the state ADA coordinator for assistance.
11. Using the ARC handbook as a guide, the shelter will comply with space requirements as outlined by ADA standards to the maximum extent feasible.
12. On a limited basis the county will coordinate with adjacent counties for sheltering. The county will use ARC to establish shelters in adjacent counties if local shelter is not available. (KPS206/2020)
13. The identification and determination of shelter-in-place methods will be decided by IC with direction and dissemination carried out by the ARC and ESF 6. In coordination with ESF 15 (KPS223/2020)
14. The County will coordinate with ARC and the DCF for care and identification of unaccompanied minors.
15. On a limited basis the county will coordinate with adjacent counties for sheltering. The county will use ARC to establish shelters in adjacent counties if local shelter is not available.
16. ARC handbook guides the sanitation of shelters. Local Health Departments will assist in verifying shelter sanitation. Sheltered individuals will be responsible maintaining shelter sanitation under ARC control.

17. The public will be informed of the availability and locations of mass care facilities through ESF #2 and ESF #15.
 18. ARC will coordinate with the ESF #13 functions to ensure safety and security at the shelters.
 19. Individuals with a mandate to inform the public, it is their responsibility to inform shelter staff, who can then make appropriate accommodations based on the individual.
 20. Shelter managers will inform the shelter individuals on the status of the disaster and what the process for returning home will be.
6. Short term and long term housing.
1. The county will use the county Area on Aging/Senior Center Resources to identify housing ability and needs. When required they will contact the state for assistance.
 2. The Marion County Ministerial Alliance and the South-Central Kansas VOAD will work in conjunction with the local Housing Authority and Kansas Mid-Cap programs to identify available Section 8 housing for qualifying individuals. This process will begin once the ARC has conferred with the EOC to determine the status of the local recovery effort (KPS226/2020)
7. Emergency relief supplies (food, water, medicine, clothing, etc.)
1. The Marion County Ministerial Alliance, Salvation Army and The American Red Cross and other volunteer agencies will set up distribution centers for the delivery of emergency relief items. (KPS228/2020)
 2. Meals on wheels service will be maintained to the max extent feasible. Every effort will be made to sustain feeding operations to citizens.
 3. ARC will procure diapers, formula, age appropriate foods, staff, medicines, durable medical equipment, consumable medical supplies, personal assistance services and other supplies to be sheltered individuals to the maximum extent feasible. The ARC is the agency that provides essential care and promotes the well-being of evacuees. Service animals will be allowed in the shelter in accordance with federal law.
 4. The United Way of the Plains will serve as coordinator of the 'unmet' needs recovery function. The United Way's Disaster Services Director will be responsible for making contacts and establishing a relationship with community service providers, local churches, community outreach programs and volunteer organizations. These contacts will be called upon in the event that a disaster creates unmet needs in the community. If an Unmet Needs Committee is formed, it will assist with such things as human needs (food, water, clothing, etc.) and housing needs, connecting victims with appropriate resources. (KPS230/2020)
8. Access and functional needs (KPS210/2020)

ESF #6 will comply with ADA to the maximum extent feasible, and will contact the state ADA coordinator when needs arise.

The county uses the KVRPS to track vulnerable individuals, to include the following:

- Reduce ability to hear, speak, understand or remember.
- Health vulnerabilities such as poor health status.
- Reduce ability to move or walk independently.
- Limited access to neighborhood health resources.
- Disabled.
- Elderly.
- Pregnant women and infants.
- Individuals with chronic diseases.
- Underinsured persons.

9. Accountability: disaster survivors and volunteers

1. ARC has sheltering registration for tracking and registration of evacuees. The Salamander system will be used to track volunteer hours at a shelter.
2. Mental health will be provided by Horizons mental health.

10. Hazardous materials situations

1. Marion County is not a reception center for nuclear evacuees. We have limited or no capacity to respond to a nuclear event. In the event Marion County was required to respond to an event with a radiological material, state assets would be required.
2. Marion County hospitals have a limited ability to decontaminate and screening. If the event is large enough in scope, the regional hazmat team has hazmat decontamination capability. For more see ESF #10.
3. Regional hazmat team will verify individuals are not contaminated before entry is allowed in the shelter. See ESF #10 for more information.

11. Animal sheltering

a. Pre-event

1. The EM will work with the humane society for animal sheltering. When local capacity is exceeded, KSART will be asked to assist.

2. The Extension Agent will be responsible for pre disaster inspection of congregate household per facility.

10. Animal shelter operations

1. Shelters will be selected in accordance with KSART standards and local capabilities.
2. Shelter Managers will coordinate the response with the EOC for animal shelter selection site.
3. Service animals will be allowed in human sheltering. ARC is aware of this policy.
4. The animal owner maintains responsibility for the animal in the shelter. They will be cared for and cleaned up after by the owner. There will be minimal staff available to staff the shelter.
5. There will be limited security at the shelter, if security is required, the shelter manager will request personnel from the ESF #13 function through the EOC.
6. In accordance with KSART procedure. Local Vets may assist in first aid shelters.
7. Animal waste and dead animals will be disposed in accordance with the policies and procedures established by KDHE and the Department of Agriculture.

11. Animal care

0. Any aggressive animal that may cause injury to humans or other animals will be segregated from the population or rejected from the shelter.
1. KSART and animal control will be responsible for segregating aggressive animals in accordance with SOPs.

12. Animal Registration and return

0. Sheltering of unclaimed animals that can't be immediately transferred to an animal control shelter or when non-eligible animals are brought to a shelter will be taken care in accordance to the local humane society and KSART procedures.
1. Animals will be registered in accordance to KSART procedures.
2. If evacuees bring animals (non-service animals) to the shelter, they will be re-directed to the pet shelter for care. Service animals will be treated as local by Vets at the animal shelter.
3. Owners will be reunited with their pets following the procedures of the local humane society and KSART procedures.
4. Long term care, permanent relocation or disposal of unclaimed pest will be treated as local by Vets at the animal shelter.

13. Cohabitation shelter (if applicable)

Co-habitation will occur whenever possible, if not possible the animal and humane shelters will be in communications with each other to ensure the happiness (well-being) of the humans and their animals.

B. Direction and Control

1. Marion County Emergency Management which is appointed by the Marion County Emergency Management, in coordination with local planning partners. The staff serving as ESF 6 Coordinator is appointed by and located in the Marion County Emergency Management. When ESF 6 support is necessary, the ESF 6 Coordinator coordinates all aspects of ESF 6.
2. ESF 6 complies with the National Response Framework, and the National Incident Management System (NIMS). The NIMS guides the direction and control system adopted by the Marion County Emergency Management, which functions as the official disaster prevention, protection, response, preparedness, recovery, and mitigation organization within Marion County.
3. The ESF 6 may operate at two levels: 1) Marion County EOC; and 2) Field operations
4. During emergency activations, all management decisions regarding sheltering, housing and human services for Marion County are made at the Marion County EOC by the ESF 6 coordinator. Under the Incident Command System structure, the Planning, Logistics, Finance/Administration, and Operations Sections at the Marion County EOC to assist the commander in carrying out the overall mission.
5. In accordance with a mission assignment from ESF 6, and further mission tasking by a local primary agency, each support organization assisting ESF 4 assignment will retain administrative control over its own resources and personnel but will be under the operational control of ESF 6. Mission operational control may be delegated to the field by the Marion County EOC.

C. Organization

1. County
 - a. During an activation of the Marion County EOC, support agency staff is integrated with the Marion County Emergency Management staff to provide support that will allow for an appropriate, coordinated and timely response.
 - b. During an emergency or disaster event, the Marion County EOC Operations Section Chief will coordinate resource support with the Human Services Branch Chief.
 - c. During the response phase, ESF 6 will evaluate and analyze information regarding mass care, mass feeding and bulk distribution of relief supplies. Also, ESF 6 will develop and update assessments of the mass care services status in the impact area and undertake contingency planning to meet anticipate demands and needs.

- d. The Marion County Emergency Management develops and maintains ESF 6 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. However support agencies may develop and maintain their own similar documents for internal use, which must be compatible with and in support of the overall MNEOP. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Marion County Emergency Operations Plan.

2. State of Kansas

- a. State of Kansas EOC, the Kansas Department of Children and Families (SRS) is the designated lead agency for State mass care services and will provide a liaison to facilitate requests for mass care service resources to local Emergency Operations Centers.
- b. During an emergency or disaster event, the primary and support agencies of ESF 6 at the State of Kansas EOC will report to the Human Services Branch Chief who reports to the Response Section Chief under the overall direction of the SEOC Manager.
- c. During the response phase, ESF 6 will evaluate and analyze information regarding mass care service needs requests. Also, ESF 6 will develop and update assessments of the mass care services situation and status in the impact area and undertake contingency planning to meet anticipated demands and needs.
- d. The Kansas Department of Children and Families (SRS) develops and maintains ESF 6 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. However support agencies may develop and maintain their own similar documents for internal use, which must be compatible with and in support of the overall Emergency Operations Plan. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Marion County Emergency Operations Plan.

D. Alerts and Notifications

1. Marion County Emergency Management will notify the County Warning Point (Marion County Public Safety Warning Point (PSAP)) when information comes to their attention indicating that an emergency or disaster situation is developing.
2. The County Warning Point (Marion County Public Safety Warning Point (PSAP)), will notify the "on call" Emergency Duty Officer and/or ESF Coordinator for ESF 6 when Marion County has been threatened or impacted by an emergency or disaster event as provided in the County Warning Point procedure.
3. ESF 6 will be activated or placed on standby upon notification by the Marion County EOC. The representatives or designees of the coordinating agency will manage the emergency activities of ESF 6. If additional support is required, the ESF 6 coordinating and primary agencies may jointly manage ESF 6 activities.

4. Upon instructions to activate or placement of ESF 6 on standby, Marion County Emergency Management will implement procedures to notify all ESF 6 planning team members and, if necessary, mobilize all personnel, facilities, and physical resources likely to be needed, based on the emergency circumstance.
